

Eco Team Newsletter

We are the Eco Warriors and make up our school's Eco Team. We are trying to save the planet by helping animals, reducing paper use, turning off electricity, including lights and interactive whiteboards, and recycling as much as possible.

Top Tips for saving the planet

- Recycle as much as possible.
- Donate what you can.
- Turn off taps when you are not using them.
- Put your litter in the bin.
- Don't use electricity if you don't need to.

How to make a bird feeder

You will need; lard, string, seeds, bowl, spoon.

1. Mix lard and seeds together in a bowl.
2. Mould into a ball around some string so it can hang.
3. Put it in the fridge to set.
4. Hang it in your garden or window.

Last half term, we became 'Young Tree Champions', taking part in The Tree Council's new initiative. We received 5 new trees and 100 hedgerow whips, which the Eco Team planted in the school grounds. We also learned how to care for them and what wildlife will benefit from them.

We went litter picking around the school grounds. We used litter pickers to pick up all the rubbish we could see and managed to fill two bin bags! Please put all your rubbish into the bins and not litter on the floor.
