

Children in Care (Looked After Children) Policy

Date Reviewed/Updated: May 2026

Next Review: May 2027

Every Child, Every Chance, Every Day; Working Together

Designated teacher: Jodie Round

Governor with responsibility for Children in Care (LAC): Karen Shead

The school policy for Children in Care / Looked After Children (LAC) was developed by the Nottingham City Local Authority and adopted by Crabtree Farm Primary School.

This policy includes requirements set out in statutory guidance on the duty on local authorities to promote the educational achievement of children under section 52 of the Children Act 2004 and associated guidance on the education of Looked After Children.

Crabtree Farm Primary School recognises that all pupils are entitled to a balanced, broad-based curriculum and aims to promote the educational achievement and welfare of pupils in public care. The school and the governing body endorses Nottingham City Council policy and welcomes children in care who may be looked after by our local authority or those who may be in the care of another authority but living in Nottingham City.

Definition

- Children and young people who are subject to interim or full care orders under section 31 of the Children Act 1989
- Children and young people who are voluntarily accommodated under section 20 of the Children Act 1989
- Children and young people who are accommodated for their protection by the courts or remanded into care by the courts.
- Children and young people will be looked after by a local authority other than the authority in which this school sits. Therefore, this school may have looked after children who are living in the local authorities' area but looked after by another authority e.g. Nottinghamshire, Derbyshire, and Leeds etc.
- Parental responsibility is shared with social care when children are subject to interim or full care orders. Parents retain parental responsibility if a child or young person is voluntarily looked after under section 20.

Crabtree Farm Primary School's approach to encouraging and supporting the educational achievement of children in care is based on the following principles:

- prioritising education set within an inclusive context which makes reasonable adjustments to ensure a personalised curriculum
- listening to the child in care
- working closely with home, voluntary and statutory agencies
- promoting attendance, through a programme of early intervention, priority action, reducing exclusions and promoting stability within a positive learning environment
- identifying need, including social and emotional as well as learning needs or gifted and talented skills and abilities
- targeting support, including accessing resources from other agencies as well as provision from school resources
- having high expectations

Rationale

Many children and young people who are in care have suffered abuse or neglect. Despite having as broad a range of abilities as their peers, children in care are particularly vulnerable to underachievement. Barriers to their progress include a high level of disruption and change in school placements, lack of motivation or involvement in extracurricular activities.

Crabtree Farm Primary School believes that the educational experience of all children should be positive and powerful and aims to provide a learning environment in which every child in care can be successful. We believe that this school has a major part to play in ensuring that children in care are able to be healthy, stay safe, enjoy, achieve, make a positive contribution to society and achieve economic well-being, in line with statutory guidance.

Admission arrangements

We recognise that due to care arrangements children in care may enter school mid-term and that it is important that they are given a positive welcome and where appropriate additional support and pre-entry visits to help them settle.

The school recognises that children in care are an 'excepted group' and will prioritise Looked after Children in the school's oversubscription criteria following the DCSF Admissions Code (Admissions of Looked after Children (England) Regulations 2006)

Support and resources

The Governing body will ensure that the school allocates resources, including professional time and expertise, to support appropriate provision for children in care, meeting the objectives set out in this policy.

Role and Responsibilities of the Head Teacher

- Identify a Designated Teacher for Looked After Children, whose role is set out below.
- It is essential that another appropriate person is identified quickly should the Designated Teacher leave the school or take sick leave.
- Ensure that procedures are in place to monitor the admission, progress, attendance and any exclusion of children in care and take action where progress, conduct or attendance is below expectations.
- Report on the progress, attendance and conduct of children in care to all parties involved.
- Ensure that staff in school receives relevant training and are aware of their responsibilities under his policy and related guidance.

Responsibility of the Governing body

- Governors should ensure they are fully aware of the legal requirements and guidance on the education of children in care.

Role and Responsibilities of the Designated Teacher

The duties of the Designated Teacher will include:

- ensuring that children in care are welcomed into the school, necessary meetings are held and arrangements are put in place to ensure their needs identified and met. This may include providing basic equipment and resources if necessary and providing appropriate support in meeting uniform requirements if needed
- complete a personal education plan (PEP), within the timeframes set out by Virtual Schools or the child's care plan.
- maintaining an up-to-date record of the children in care in school, including those in the care of other authorities and ensuring all necessary information is passed to other staff as required
- monitoring and tracking progress of children in care in school and intervening if there is evidence of individual underachievement
- holding a supervisory brief for all children being looked after and acting as advocate for the children in care in school, raising awareness of the needs of children in care
- liaising with teaching and non-teaching staff in school, including the person responsible for Child Protection as well as pastoral and subject staff to ensure they are aware of the difficulties and educational disadvantage children in care may face
- establishing and maintaining regular contact with home, statutory and voluntary agencies
- ensuring PEP review meetings are held regularly (usually termly) and information passed to all those concerned, including the local authority
- attending training as required to keep fully informed of latest developments and policies regarding children in care

Record keeping and information sharing

The Designated Teacher will keep an up-to-date record of children and young people in care in school and will ensure that relevant information is made known to appropriate staff.

A Personal Education Plan will be initiated within 20 school days of the child in care starting at the school or being taken into care and will be reviewed regularly and as necessary and appropriate to meet the needs of the child/young person. The PEP will provide a regular opportunity to review progress, note any concerns and ensure all relevant parties are informed accordingly.

Copies of reports and appropriate documentation will be sent to authorised carers and agencies involved with the child as well as any receiving school at point of transition.

It is vital that the child in care is aware of information being recorded, in what circumstances and who will have access to it. How this is shared with them will depend on their age and level of understanding.

Exclusions

Crabtree Farm Primary School recognises that children in care are particularly vulnerable to exclusions.

Where a child in care is at risk of exclusion the school will try every practicable means to maintain the child in school. A multi-professional meeting will be arranged, bringing together all those involved with the young person to discuss strategies to minimise the risk of exclusion.

The child or young person's Personal Education Plan will reflect strategies to support the child and where relevant those employed in the Pastoral Support Plan.

All relevant measures and resources will be considered to provide support and perhaps alternative educational packages to prevent an exclusion from happening.

Staff development and training

Arrangements will be made to ensure that the Designated Teacher is kept up to date with developments relating to the education and attainment of children in care. Other staff will receive relevant training and support to enable them to work sympathetically and productively with children in care, including those who are underachieving or at risk of underachieving or who have additional needs. These may include EAL, being Gifted and Talented or having learning or physical needs. Teachers with responsibility for Special Educational Needs provision and for children who are Gifted and Talented will be informed of those children in care who have particular gifts, talents or learning needs and will work with them appropriately.

Home-school liaison

The school recognises the value of a close working relationship between home and school and will work towards developing a strong partnership with parents/carers and care workers to enable children in care to achieve their potential. Parent/carer evenings, as well as PEP and Care Plan review meetings, provide opportunities to continue to develop this partnership working.

Links with other agencies

The school recognises the value of working together with other agencies and organisations and will work closely with colleagues from services involved with the child in care including Social Care teams; Community Educational Psychologist; Health services, CAMHS.
